Section I.c Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

Additional guidance on reporting race and ethnicity data.

| | |
|---|----|
| Total number of students enrolled in 2015-16: | 77 |
| Unduplicated number of males enrolled in 2015-16: | 13 |
| Unduplicated number of females enrolled in 2015-16: | 64 |

| 2015-16 | Number enrolled |

| <i>Race</i> | |
| American Indian or Alaska Native: | 0 |
| Asian: | 2 |
| Black or African American: | 0 |
| Native Hawaiian or Other Pacific Islander: | 0 |
| White: | 48 |
| Two or more races: | 1 |

Section I.d Supervised Clinical Experience

Provide the following information about supervised clinical experience in 2015-16.

| | |
|---|------|
| Average number of clock hours of supervised clinical experience required prior to student teaching | 0 |
| Average number of clock hours required for student teaching | 1315 |
| Average number of clock hours required for mentoring/induction support | 50 |
| Number of full-time equivalent faculty supervising clinical experience during this academic year | 1 |
| Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff) | 21 |
| Number of students in supervised clinical experience during this academic year | 77 |

Please provide any additional information about or descriptions of the supervised clinical experiences:

Interns in the ARC program complete a minimum of one-half school year of clinical practice, and an additional significant amount of time if necessary. Clinical practice is full-time and evaluated by a field supervisor and supervised by a mentor teacher. The definition of full-time is 4/5 or more of the regular school day and the minimum requirement for supervised is having the mentor teacher in proximity of the candidate during the school day. Clinical practice begins with frequent and intense supervision of candidates by mentors, and diminishes over time, according to the co-teaching model. Before supervision is diminished, the mentor and field supervisor must agree that the candidate is ready to assume more independent responsibility for students.

Section I.e Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2015-16. For the purposes of this section, number prepared means the number of program completers. Section IV Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

If yes, please specify the organization(s) that approved or accredited your program:

State

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

Section V Use of Technology

Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare teachers to:

- **integrate technology effectively into curricula and instruction**
Yes
- **use technology effectively to collect data to improve teaching and learning**
Yes
- **use technology effectively to manage data to improve teaching and learning**
Yes
- **use technology effectively to analyze data to improve teaching and learning**
Yes

Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

We expect our candidates to use technology throughout the program. They are involved in using a variety of technologies to complete their work for courses. These include search engines, various blogging tools, word processors, spreadsheets, discussion groups, listserves, and a variety of other web 2.0 and computer-based technologies.

them to use technology. They also see technology used on a regular basis. Document projectors, Internet projections, a variety of animations, as well as smartboards, and other technologies are routinely used in classes they take.

Since our students take many of their courses while embedded in the internship placement, they have an immediate opportunity to apply the technology they use in completing university coursework as well as what they are taught in their specific technology course.

Section VI Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare general education teachers to:

- **teach students with disabilities effectively**
Yes
- **participate as a member of individualized education program teams**
Yes
- **teach students who are limited English proficient effectively**
Yes

Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

There are several classes that incorporate training on differentiated instruction for students. This would include students with disabilities as well as students who have limited English proficiency. In addition, there is a separate class that deals specifically with how to work effectively with the rest of the building/district team to meet the needs of students with disabilities through participation in an IEP team.

In addition to the integrated focus in the Alternate Routes to Certification program, all students are required to take EDSP 6644 Educating Exceptional Students to help ensure that our students are well prepared to work with students with disabilities.

Does your program prepare special education teachers to:

- **teach students with disabilities effectively**
Yes
- **participate as a member of individualized education program teams**
Yes
- **teach students who are limited English proficient effectively**
Yes

Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Teacher candidates in the Alternate Routes to Certification are required to take a minimum of 17 quarter credits of Special Education specific coursework. Students must also successfully complete 180 days of supervised student teaching, administered through 15 quarter credits.

Section VII Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card. The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

Content Knowledge: ALL teacher candidates seeking endorsement are required to have a completed major in their endorsement area or they work with our Certification Office to design an "Approved Plan of Study" comprised of college/university coursework and/or documented professional experience that exceeds the minimum endorsement core content competencies. Required courses are content courses, not "teacher education" courses to ensure our candidates exceed the minimum content knowledge required for the endorsement. The "Approved Plan of Study" must be successfully completed in addition to all other state and university endorsement and certification requirements. As our assessment data indicates, our internal process for ensuring strong content knowledge appears to prepare teacher candidates well for the state assessments. Teacher candidates have two opportunities to pass the state assessment, which is a program completion requirement as well as a practicum pre-requisite. Consequently, 100% of all program completers pass the state assessment in their endorsement area(s). Since its creation in 2002, The Alternate Routes to Certification Program, which leads to a Masters of Arts in Teaching degree, has developed field-base courses which are individualized to assist the candidate in completing the residency competencies as efficiently as possible.
